

POLICY NO. 27

(Concerning St. Clair County Commission's policy
for water upgrades and new line projects)

It is the desires of the St. Clair County Commission to provide funding toward the betterment of St. Clair County for water services. The St. Clair County Commission establishes this policy to contribute 10% on the cost toward any county water system for upgrading their water services and/or new line projects. The county will contribute 10% up to a maximum of \$200,000.

This funding will be provided based on the available revenue of St. Clair County.

Adopted this the 25th day of January, 2000.
